PROFILE

A civil engineering graduate with excellent analytical thinking, technical writing and leadership skills who is seeking to build his career as a graduate trainee in your company. I am always willing to contribute to the growth of an organization in my capacity and I take pride in high standards and swift delivery of assigned tasks. I achieve this by working closely with my colleagues within the team and also as a capable individual. I believe my passion and talent will make a great culture fit to the company's drive for excellence.
